

DARROW IS DECLARED "NOT GUILTY" BY JURY

VERDICT WAS SPEEDILY REACHED

Jurymen Were Out But 37 Min.
—Darrow Dazed at End of
His Awful Ordeal

UPROAR IN COURT ROOM FOLLOWED THE VERDICT

Judge Hutton's Charge to Jury
Was Given This Morning—
Case Lasted 3 Months

LOS ANGELES, Aug. 17.—After a trial lasting for three months and one day, Clarence S. Darrow, the famous labor attorney, was this forenoon found not guilty of corruptly influencing George Lockwood, a prospective juror in the McNamara trial.

The court room was immediately in an uproar. Joyous friends of Darrow surged on him with congratulations. For a minute Darrow stood gazing at the spectators with his wife's arm around his neck, apparently unable to realize that the terrible ordeal was really over. Then he marched to the jury box with tears on his cheeks, but his face wreathed in smiles, and he shook hands with each of the jury. His wife walked beside him weeping, and with her arms about her husband. The surge of the crowd then forced Darrow toward the judge's chambers. Standing against the wall he held up his hand and said: "Thank you, my friends." The crowd cheered. The jury was out thirty-seven minutes. On resuming their places, Judge Hutton asked:

"Have you reached a verdict?" Foreman Williams replied: "We have."
The defendant waived the polling of the box. Foreman Williams, at Judge Hutton's order, then read the verdict:

"We, people of the State of California, find the defendant in this action, not guilty."

NINE FOR ACQUITTAL FIRST BALLOT—THIRD, UNANIMOUS

Juror Blakesley said the verdict was reached on the third ballot. On the first ballot there were nine for acquittal and three for conviction; on the second, ten to two. The third ballot was unanimous for acquittal. He refused to tell who at first voted for conviction.

JUDGE HUTTON'S CHARGE TO THE DARROW JURY

LOS ANGELES, Aug. 17.—According to announcement made last evening at the conclusion of John D. Fredricks' closing argument for the prosecution at 4:40 o'clock, Judge George H. Hutton, before whom the trial of Clarence S. Darrow, accused of participation in the bribery of George N. Lockwood, a jury venireman, has been in progress for more than three months, gave his charge to the jury, concluding at 9:47 o'clock, after speaking almost half an hour. At 9:18, the jury retired. Mrs. Darrow wept hysterically. Darrow paced about nervously, with his hands in his pockets, frequently drinking water from a pitcher at the table.

Judge Hutton instructed the jury to disregard the personal opinion of attorneys on either side. He declared they must regard the charges proved beyond a reasonable doubt, or render a verdict of not guilty. He advised them that they could not convict on the testimony of an accomplice unless it was corroborated.

The first count of the indictment charged Darrow with bribing a juror. Judge Hutton said:

CHRONOLOGY OF THE DARROW CASE

ONE SOCIETY IS HOT ON TRAIL OF OTHER

Local Organization Tries to Ap-
ply Remedy Without Mak-
ing Arrests

A red hot letter was received yesterday by G. A. Whidden, secretary of the Orange County Society for the Prevention of Cruelty to Animals. That letter used a number of ugly and expressive words concerning J. F. Edmondson and J. A. McMillan, who have been making arrests in this county on charges of cruelty to animals. In fact, the letter declares that these men are making the cruelty to animals law a means of livelihood.

The letter comes from Mr. Zimmer, head of the S. F. C. A. of Los Angeles. The letter states that the state law is such that any society can form and get a charter as a society for the prevention of cruelty to animals and children. The state law allows all fines collected under the charges brought to go to the society that makes the charges. According to Zimmer, Edmondson and McMillan and a few others are pretty near the body and soul of the United States Protective Association for Cruelty to Children and Animals. He says their plan of operation is to hustle as many cases into court as possible, have fines collected, turned over to the county treasurer, and eventually come back to the society through the state. Over at Orange recently \$50 was collected for fines in one day. The two men dropped into this county a week or ten days ago, and kept right busy. They brought cases at Orange, Anaheim and Fullerton. For some reason they failed to file a single complaint in the office of the local justice of the peace.

When the officers of the Orange County Society for the Prevention of Cruelty to Animals heard about the coming of these officers they did not know what to make of it. They had been attending to cruelty cases here for a good many years, and had done a large amount of quiet work. Their system was to correct abuses, and if that correction could be made by getting the owner of an animal to relieve the conditions, no case was brought against the owner.

The two men who were bringing cases at Orange, Anaheim and Fullerton were not working that way, evidently. Cases were brought into court at a considerable rate of speed.

Secretary Whidden of the local society wrote a letter concerning the situation, and the reply of Zimmer was the red hot letter mentioned above.

It is a fact that the law is so lax that societies can be formed and prosecutions fathered merely for the money-making purpose of aiding the treasury of some society, the law is decidedly weak. Zimmer states that there is a movement on foot to do away with the law granting authority to the societies, and placing the authority in a state commission. He says such a law would not be advisable as it would put the work of protection of animals into politics.

The Orange County Society for the Prevention of Cruelty to Animals has been an independent organization. It is not affiliated with the state organization. Its officers are well known local men, and the field of operations is Orange County. County Treasurer J. C. Joplin is president, G. A. Whidden, secretary of the Highway Commission, is secretary, and Constable C. E. Jackson of Santa Ana is humane officer. The plan of operations followed by the society is to investigate every case reported to it. The public does not hear of these investigations. The owner of the mistreated animal is given a chance to remedy the condition, and if he fails prosecution follows. Every year an officer is sent over the best fields. Wherever it is found that stock unfit to be in harness is being worked, the owner is given a chance to take the horses out of harness.

This society is plainly not a money-making society. In the seventeen years it has been in existence it has asked for help from the Board of Supervisors but three times. In all of that time the county board has given the society \$150 on three different occasions, \$450 all told. Under the law it could have demanded \$150 a month. The work has been done quietly and with as little noise as possible. The humane officer has put over 100 horses out of their misery, thirty of them in the last year.

After their long and faithful work, the local officers naturally felt keen the intrusion of the outsiders. Possibly Edmondson and McMillan have completed their meteoric visit to this county. This morning a Riverside dispatch stated that the two men are in Riverside, that five arrests had been made and three men had each paid a fine of \$25.

FULLERTON HAS PROGRESSIVE CLUB

Excellent Meeting Held at Full-
erton Last Night—Balcom
Heads Club

A strong club of Roosevelt-Johnson boosters was organized at Fullerton last night with D. G. Balcom as president.

It was a meeting that showed lots of interest in the Progressive movement in the Fullerton section. There was an excellent attendance, and the enthusiasm displayed indicated earnestness in the work.

The speakers were Hans V. Weisel, candidate for the Republican nomination for assemblyman; J. N. Anderson, for state senate; S. C. Evans, for congress, and Leo C. Gates of Los Angeles.

Chief interest centered in the address of Evans, his appearance at Fullerton being his first public appearance in this county since the Roosevelt-Taft issue was clearly drawn. Evans by his published statements had left no doubt as to where he stands. He has declared himself to be for Colonel Roosevelt. Last night in unmistakable language he stated his position. He declared that he is for Colonel Roosevelt for president and Johnson for vice president, the National Progressive party nominees.

Evans said that he believes in the Roosevelt policies. Colonel Roosevelt's achievements as president gave him the confidence of the people. The people have confidence in Roosevelt, and they have lost confidence in President Taft.

The platform of the Republican party four years ago was a platform that adhered to the Roosevelt policies," said he. "Mr. Taft was elected president solely with the understanding and on the belief that he would carry out the Roosevelt policies. Mr. Taft has failed to carry out those policies. The people have lost confidence in him. They now propose to elect Colonel Roosevelt that he may carry out the policies formulated by him. They propose to elect Mr. Taft, who has shown that he will not carry out the policies, but Colonel Roosevelt. They know that Colonel Roosevelt will do the things that they want done."

The meeting last night was called to order by Attorney Steele Finley of Santa Ana, chairman of the Roosevelt-Johnson League of Orange County. He introduced R. G. Balcom of Fullerton, chairman. The first speaker was Weisel of Anaheim, who showed in his address that he is a deep student of governmental affairs. He reviewed the acts of President Taft, stating that President Taft had failed to keep faith with the people, that he had allowed his administration to be run in the interests of big business instead of in the interests of the common people. He declared himself to be in favor of the election of Roosevelt and Johnson, and he nominated he will go to the state convention to vote for Roosevelt electors.

Anderson of Santa Ana brought out the attitude of the Progressives upon woman's suffrage. He said that the new party stands pledged to do in the nation what California has already done, give to women their rights of suffrage. Anderson showed that in the state legislature the old S. P. machine crowd has always been opposed to woman's suffrage.

State Senator Gates of Los Angeles delivered an interesting and instructive address. He reviewed the doings of the Chicago convention that nominated President Taft, showing that the theft of delegates was planned and carried out for no other purpose than to defeat the will of the people. He said that eastern states are preparing to follow California's example in throwing the big interests out of state politics.

"They want to know how we did it," said he. "We did it because we got a direct primary. The direct primary is the means of leaving nominations to the people, not to bosses."

Among those who attended the meeting from Santa Ana were Steele Finley, J. N. Anderson, N. Travis, C. B. Munson, A. C. Black, S. J. Jackson, A. J. Crookshank, William O'Brien, W. J. Wells, John Beatty, G. L. Wright, W. H. Thomas, and Ashe.

WOMEN ARE ENTHUSED IN THE PROGRESSIVE CAMPAIGN

Character of Progressive Party Platform
With Woman Suffrage Plank Arous-
es Women's Support

LOS ANGELES, Aug. 17.—"It is remarkable to note the enthusiasm with which women are entering into the spirit of the Progressive campaign," said Mrs. Cora D. Lewis, of the headquarters staff of the Roosevelt Progressive Republican League, in an interview. "We are constantly surprised by women of prominence who have hitherto held aloof from active participation in the Progressive campaign, but who are now crowding to the front with offers of assistance, both financial and in the matter of general campaign activities."

However, when one comes to consider the character of the Progressive platform, with its straight-out suffrage plank—a plank written by Jane Adams—not to mention the many concrete humanitarian proposals, it is not strange that the sympathies of women have been aroused. Theodore Roosevelt and Hiram W. Johnson are leaders whom all the people trust; and when they stand upon such a platform

as that offered by the Progressive party, the most courageous, frank and intelligent ever framed, it is natural that there should be a warm and enthusiastic response."

Mrs. Florence Collins Porter told of one Los Angeles woman who came to headquarters a few days ago and handed in a check for \$100 as her campaign contribution. "This woman had in the past declared herself a non-partisan," said Mrs. Porter, "she feels that it is time for women to take a stand."

At a joint meeting of the women of the various committees and the campaign committee, held this week, the attendance was very large and the interest manifested was intense.

Plans are now being perfected for a series of outdoor meetings, some of which, perhaps, will be at the beaches on Saturday afternoons, where at men and women will assemble to discuss the issues and confer with relation to the legislative primary contests.

PENSION BILL IS SIGNED—VETERANS CAN CASH CHECKS

WASHINGTON, Aug. 17.—President Taft today signed the pension appropriation bill carrying one hundred and sixty millions. More than two hundred thousand veterans and dependents have been without pension payments since Aug. 4. They may cash their checks on Monday next.

NOGALES, Ariz., Aug. 17.—Hermosillo, the capital of Sonora, is in a panic following the report that hundreds of rebels are mobilizing for a march on that city. All the troops in Sonora have been called to Chihuahua where the rebels are expected to make their last stand. The rebels will be unopposed if they attempt to take the city.

FEDERALS SENT TO AID

OF MASSACRE SURVIVORS
MEXICO CITY, Aug. 17.—Twelve hundred federals were dispatched today to relieve the survivors of the massacre of federals by the Serrano Indians at Xiam, Oaxaca state. Eight hundred federals were recently sent to Xiam to investigate the Indian uprising. They were well received, but were later ambushed and two hundred were slain, with hundreds wounded.

LOS ANGELES WOMEN ARE TO HAVE ATHLETIC CLUB

LOS ANGELES, Aug. 17.—That articles of incorporation for the Women's Athletic Club Association should be prepared shortly was the decision made yesterday at the meeting of stockholders held in the directors' room of the Globe Savings Bank, with Mrs. C. L. Higbee presiding. It is probable that \$100 shares will be sold to women desiring to subscribe to the fund. The corporation will be capitalized for \$1,000,000 and as soon as \$100,000 is raised by stock subscription the work of constructing the building on the site chosen between Sixth and Fifth streets, opposite Central park, will be begun.

"TAMA JIM" WILSON 77 YESTERDAY—HAS LONG CABINET RECORD

WASHINGTON, Aug. 17.—"Tama Jim" Wilson, Secretary of Agriculture, and the oldest man in President Taft's Cabinet, enjoyed yesterday his seventy-seventh birthday. Secretary Wilson said he was looking forward to quitting public life on March 5 next so that he might go home among his grandchildren, "don his overalls and move around among the common people."

Mr. Wilson has exceeded by four years the record for long service in the Cabinet and under his regime the scope of the Department of Agriculture has been widely extended.

ROOSEVELT TODAY OPENED MASSACHUSETTS CAMPAIGN

REVERE BEACH, Mass., Aug. 17.—Coupling the name of Taft with that of Lorimer, and referring to the "pathetic attitude" of Wilson to the Democratic platform, Colonel Roosevelt opened the Massachusetts campaign here today. He charged that the election of either of the opposition candidates meant boss rule.

He declared that both old parties were hopelessly corrupt, impotent, and claimed that the Progressives were free from affiliations with either of the old parties. He said: "We invite to our ranks men and women, regardless of former political creed, birthplace or color of skin. The first essential in securing the right of the people to rule, is the condemnation of dishonesty in nominations and elections. To steal a nomination is worse than to steal a purse, for it is a theft of the people's rights."

He declared Wilson's speech of acceptance merely an apology for the Baltimore platform, adding: "We Progressives are not forced to apologize for our platform or to refer to it in language so carefully guarded as to convey the impression that we are endeavoring to neither suppress or repudiate it."

PROVIDENCE, R. I., Aug. 17.—Colonel Roosevelt made the opening speech of his campaign in infantry hall here last night.

Though only enrolled members of the Progressive party had been given tickets, they had bought hundreds of seats in the hall three-quarters of an hour before the time announced for the appearance of the speaker. On the platform were upward of fifty persons, among whom were several women, including Florence Garvin and Elizabeth Upham Yates, well-known suffrage leaders. The galleries, for which seats had been sold for \$1 each, were packed all the way around the hall.

Colonel Roosevelt's greeting at the hall was enthusiastic. While the band played "Hail to the Chief" the entire crowd was on its feet, and the cheering lasted for ten minutes. In the big corridors outside were hundreds of persons who were unable to get into the hall. An overflow meeting was held at Providence hall, which was crowded. Colonel Roosevelt later spoke at the Opera House along the same lines as his first speech. He was greeted on his arrival in Providence by a throng of people and his ride from the union station was like a triumphal procession.

Colonel Roosevelt made an appeal for leadership from New England in the Progressive party movement. He declared that the ordinary voter had nothing to hope for through the success of either the Democratic or Republican parties, which, he asserted, are equally boss-ridden. The tariff, especially as it concerned the New England states, was one of the main topics of the speaker, who said:

"The Progressive movement is aimed at the rotten machines, the rotten boss system of both parties. Only by supporting the Progressive party can you strike an effective blow against the boss rule and machine and ring politics in the United States. The success of the Democratic national ticket means enthroning in power one set of bosses; the success of the Republican national ticket means enthroning in power the other set of bosses. The effort at this time to rebuke one set of bosses by voting for the candidate of the other set of bosses is, from its very nature, bound to result in futility."

"I believe that half of the opposition to our course in New England is due to sheer ignorance; half of the remainder to hard-shelled prejudice, and the other half of the remainder to craven fear of what is new."

"The men for whom we are making the fight are not politicians and are not men of great wealth. Hitherto, as a standpatter, a reactionary congressman from Kansas, with involuntary truthfulness, put it, these plain people have been regarded by politicians as only entitled to pay the

HELEN KELLER

WORLD MARVEL

Blind, Deaf and Dumb, She
Sang and Talked Yesterday
Before Otological Congress

BOSTON, Aug. 17.—Singing in low, clear tones, her voice reaching to the furthest parts of the room, Helen Keller, the marvelously gifted blind, deaf and dumb girl, today sang and talked to the afternoon session of the ninth Otological Congress in the medical department of Harvard Medical School. She focused her sightless eyes straight ahead and gazed into the faces of her hearers as if she were conscious of their very smile. She kept her professor and her audience both laughing by witty remarks in the intervals of the demonstration of her voice work, on which she has spent eighteen months of hard study and practice.

The demonstrations, which began at 4 o'clock, were not open to the public. It was the second time Miss Keller has spoken in public, her last effort having been made at Providence. She gave a short address in English, which was followed by one in French, at the request of Dr. E. J. Maure of Bordeaux. She then spoke in German and her enunciation and pronunciation were pronounced perfect in all three languages.

Miss Keller was accompanied by Mrs. J. B. Macey and her presence went far toward demonstrating what a dumb person can do toward speaking to many scientists assembled there from all over the world. The foreign members were much impressed by the demonstration of her voice work.

Miss Keller has been under instruction of Professor White of the Boston Conservatory of Music for more than a year. She will lecture this fall and in September will begin the series at Schenectady, where she has been appointed on the public service commission by Mayor Lunn.

Beautiful Huntington Beach

A Justly Popular Beach Resort---A Charming Spot for a summer or winter home---A thriving agricultural center

Huntington Beach is a combination of almost everything desirable for the home-seeker, sojourner, investor and those on pleasure bent. Its climate is perfect at all seasons of the year; its social and moral conditions are unexcelled; its beauty of location, with superb mountain and marine views, is the delight of all who behold. Besides being a popular beach resort, with fine surf bathing and fishing, modern pleasure pavilion, pier and bathhouse, a superb beach and slightly ocean front bluffs, Huntington Beach is a commercial and industrial center. It has a "back-country" of thousands of acres of the richest and most beautiful agricultural lands—peatlands for celery, sugar beet lands, bean lands and lands suitable for all kinds of crops. On the outskirts of the city are located a great sugar factory, tile factory, barley-crushing and bean-cleaning plants. The city has over 1500 inhabitants and is growing rapidly. Splendid schools and churches are there, broad paved streets, fine business blocks, beautiful homes. Railroad facilities include the Southern Pacific steam road and the Pacific Electric trolley lines, one running in from Santa Ana, the county seat of Orange county, and the other from Los Angeles, extending on to Balboa. Arrangements have been made by which Huntington Beach will in future have a 45 minute car service to Los Angeles the year round with three flyers daily to Zafra, the junction for Long Beach. Huntington Beach has been chosen year after year as the place of meeting for the Southern California Veterans' Association, Aug. 13-23; Socialists encampment July 1-7; Methodist camp meeting July 21-August 4.

One of the most popular attractions of Huntington Beach is its "Tent City," located only three blocks from the ocean, convenient to car lines. The grounds are attractively laid out and planted with trees and shrubbery.

Huntington Beach homes are surrounded by beautiful lawns and gardens, the rich character of the soil and the abundant supply of pure water making it easy to grow anything.

For Sale—40 acres good rich sandy-sediment loam, all under cultivation. Four room California house, 7-inch artesian well, 8 h. p. pumping plant and plenty of shade trees. Price \$250 per acre. Half cash, balance easy at 7 per cent.

GOT ONE ON THE MALIBOU

Jeffrey and Nimmo Bring Back a Fine Buck; Carrillo Brought Down Big Fellow

William Jeffrey, Jr., and Ben Nimmo, ranchers of the San Joaquin, rode into town yesterday afternoon in Nimmo's automobile with a fine two-prong buck's head and skin strapped to the hood of the automobile. The buck was killed Thursday on the Malibu ranch by Jeffrey.

The two ranchers rode to the Malibu Wednesday afternoon, and were out bright and early Thursday morning. The buck jumped up about 200 yards from Jeffrey, who plazed away and at the first shot brought him down, the bullet having penetrated the buck's backbone.

Hunters who devoted the opening day to the mountains and canyons of this county as a rule came home empty-handed. As reported in yesterday's Register, the biggest success of the day was the bringing down of two spike bucks in Sierrita canyon by Roy Neal of Santa Ana. These bucks formed the principal article of diet at a big barbecue yesterday at San Juan Hot Springs.

Out of the dozens of men who passed through or went from San Juan Capistrano into the mountains for an opening day hunt, none brought home a buck. Garibaldi Carrillo, who owns a ranch on the Verdugo potrero, killed one of the finest bucks seen in this section for many a day. It was a four-prong. The eight points make a very pretty pair of antlers. Carrillo had the buck "skinned out." That is, he knew just about where to find him, and on the day opening the month's open season, he went out and got him.

Hall Got One
U. W. Hall, proprietor of the Newport bar, returned yesterday morning from the Malibu ranch with a spike buck which he killed shortly after daylight Thursday morning. Hall started from here Tuesday morning in his launch Florence, in charge of Capt. Palmer and Pete Anich. At the long wharf, Santa Monica, J. L. Von Blom and several others were picked up and a landing was made on the coast near Hueneme. Von Blom, Palmer and Hall were together when they sighted a bunch of four deer, three of them bucks and one doe. Palmer brought down the antlered buck and Hall one of the spikes, but Von Blom missed his shot.

Los Angeles Is So Busy Growing That She Forgot Birthday

Most Beautiful City in the World Growing Younger at 131 Years Old

The Los Angeles Tribune of this morning tells of a fair city, the City of the Angels, that is too busy to remember its own birthday. The pretty little tribute to the splendid municipality in which the Tribune is published is reproduced below:

"How would you celebrate if you had lived 131 years and this was your birthday?"

"Los Angeles was founded 131 years ago yesterday. It was an old town then. It has been growing younger, more vigorous, more beautiful ever since. It is the most wonderful young city in the world today in the opinion of well-traveled people. It was an old town 131 years ago because it was founded by an old nation upon ancient lines and under ancient customs."

"It breathed the life of old Spain. The resolute band of padres, bent upon teaching their time-honored religion, founded the little town in a fair new sun-blessed land, and they instituted here the customs and laws which had been those of their fatherland for centuries. The buildings took their architecture from that which the Moors during their 800 years of conquest in Spain had given that country. The habits of the Spaniards became those of the first Angelenos. Los Angeles, therefore, became a bit of old Spain."

"Years passed. Los Angeles remained an old town. Then came American ownership with its rejuvenating touch. A transformation began which was as remarkable as the metamorphosis of a crawling worm into a butterfly. The older in years Los Angeles grew, the younger it became in energy, strength and beauty."

"Today it is spreading far in all directions. It is welcoming people from the four corners of the earth who are delighted to cast their lot with the young city founded 131 years ago, the infant which is so busy growing that it forgot its own birthday yesterday."

CELEBRATE LABOR DAY AT ANAHEIM

ANAHEIM, Aug. 17.—A Labor Day celebration, the first in Anaheim, will be held September 2.
Features of the day as now arranged will include a grand industrial parade in the morning, a big barbecue at noon at Columbia Gardens, speeches by well-known orators in the afternoon, dancing, athletic contests and other picnic attractions.
At night there will be a reception for the visitors and two big dances, one at the new Eagles' home and the other at the Opera House.
The Eagles and Moose of this city will have charge of the celebration. These orders are inviting the members of other orders from all over Southern California to come and enjoy the festivities. A special train from Los Angeles has been arranged for and it is the expectation that 2000 people will take advantage of the special service.

The Results Made This Newburg Lady Glad She Followed Suggestion.

Newburg, Ala.—"For more than a year," writes Myrtle Cothrum, of this place, "I suffered with terrible pains in my back and head. I had a sallow complexion, and my face was covered with pimples. Our family doctor only gave me temporary relief."

A friend of mine advised me to try Cardui, so I began taking it, at once, and with the best results, for I was cured after taking two bottles. My mother and my aunt have also used Cardui and were greatly benefited. I shall always praise Cardui to sick and suffering women."

Cardui is a purely vegetable, perfectly harmless, tonic remedy for women, and will benefit young and old. Its ingredients are mild herbs, having a gentle, tonic effect, on the woman's constitution.

Cardui has helped a million women back to health and strength. Have you tried it? If not, please do. It may be just what you need.

RAISES POINT HIRE AND FIRE

Board Discusses Authority to be Given the Heads of Departments

The board of freeholders held a lengthy discussion last night on one of the most important matters that has come up for deliberation.

The board has scheduled a charter with five commissioners. It was proposed to make each commissioner responsible in his own department. Some of the freeholders thought it advisable to center the bulk of the responsibility in the entire board of five commissioners. However, the theory of the commission form of government seemed to appeal to many of the fifteen men engaged in making the charter that is to be submitted to the voters, and that theory looked to the placing upon the individual commissioner the responsibility of the department of which he is the head.

Last night came up the question as to whether or not the commissioner should have full power to hire and fire any and every employee of his department. For instance, should the commissioner in charge of the streets have power to hire and fire the city engineer? Should the police commissioner have like control over the chief of police?

Some of the freeholders board hesitated. They said that granting such power would be all right provided each and every commissioner was the kind of a man that he ought to be, but suppose by some accident a commissioner should hire a man in whom none of the other commissioners had confidence. What then? Of course, the commissioners as a whole have a financial check in that all bills must be o. k'd by the board. Also it appeared that if responsibility is to be put upon the commissioner, he ought to have full control over those under him.

These points were brought out in the discussion last night. The meeting adjourned until the next meeting night, Monday, when a decision may be reached.

PROBE OF DEATH OF CONSUL MACMASTER PROVES MURDER

BOGOTO, Columbia, Aug. 17.—The investigation into the death of William B. MacMaster, the United States Vice Consul at Cartagena, whose body, riddled with shot, was found a few miles outside of that city on Monday, has proved without doubt that he was murdered.

No clues as to the perpetrators of the crime, which was committed while Mr. MacMaster was on a hunting trip, have been discovered.

BOIES PENROSE IN DOUBIOUS PICKLE

Faces Impeachment on Charge of Taking Standard Oil Cash to Influence Laws

PITTSBURG, Aug. 1.—Boies Penrose, United States senator from Pennsylvania and leader of the Taft forces in this one state, is face to face with impeachment on the charge of accepting money from the Standard Oil Company to influence legislation in Congress. The charges are based upon the recent publication in Hearst's Magazine of a series of letters to Penrose from John D. Archbold, which show that \$25,000 was paid to Penrose.

Following the exposure, a state wide fight was waged on Senator Penrose, and yesterday William Flinn, close friend of Theodore Roosevelt and head of the Progressive movement, through his newspaper, the Pittsburg Leader, served notice on Penrose that the next state assembly would be given all the evidence and be requested to ask for his impeachment in the national Congress.

Penrose Gets Busy
So far Senator Penrose has made no reply to the charges, but within the last few days he has begun a vigorous fight to wrest control of the state legislature from Flinn—the only hope he has of averting the scandal. The present indications are that Flinn will be in control and that the effort to impeach the Taft boss will be carried through.

BUNGALOW FLOOR PLANS ARE AGAIN OFFERED FREE

Folder Showing 50 Floor Plans of Modern Homes as Built by "Home Builders," the Big Los Angeles Company

The Santa Ana branch office, 310 Orange avenue, is again offering floor plan folders free to all who enquire.

These folders are of great interest to the home builder or home owner, as they show the arrangement of 50 modern bungalows as built by "Home Builders," the large Los Angeles Building company.

This company has been one of the most successful companies in Southern California. It has many stockholders in and about this city, and each month sees the number greatly increased. Established as it is on co-operative lines, each stockholder participates in the large profits, and wholesale home building in a fast growing city like Los Angeles is bound to be profitable. "Home Builders" has the proud distinction of having ten building contracts offered it for every one it has money to build and finance.

This great building activity besides being profitable, develops many splendid types of homes, and this folder shows the floor arrangement of many such.

Have one while they are offered free.

GUADALAJARANS RETURNING HOME

Were Frightened From Homes by Prediction of City's Destruction

MEXICO CITY, Aug. 17.—Following an exodus of the people such as no large city on the Western Hemisphere has witnessed in many years, the inhabitants of Guadalajara have recovered from their fright caused by a series of earthquakes lasting more than two months, and are slowly returning to the stricken city. Train loads of refugees are leaving the capital daily and unless other tremors arrive to upset the confidence of the people, it is expected that normal conditions will return within a few days.

The latest scare was produced as the result of a prediction by Father Arreola, a Catholic priest, who declared that he had discovered a new system of prognostication founded on the position of the stars and that the city was doomed to destruction in a mighty cataclysm.

As the priest already had correctly predicted the great temblor of July 19, his words were seized upon by the frightened populace and within twenty-four hours every person able to do so left the city which is conceded as being one of the most beautiful in the world.

Thousands of the wealthier inhabitants came to Mexico City to await the expected upheaval and for the first time since the recent revolution the hotels were filled with guests.

Those unable to leave the afflicted district camped in the suburban parks and along the shores of Lake Chapala twenty miles to the south.

It was noticed that Father Arreola himself failed to leave and many of the faithful lost confidence in his theory of stellar influence.

Not even a light quake was felt on the night indicated and it is now believed that the period of disturbances ended on May 8.

As a result of the shocks that have fallen upon the city, it is stated that hardly a house in the entire city remains whole.

All of the great government buildings have been cracked and warped and a vast sum of money will be needed to restore them. The loss to the inhabitants is estimated at no less than \$2,000,000.

MUST HAVE WIFE TO HOLD JOB—WIRES TO BEST GIRL—WEDDED

WASHINGTON, Aug. 17.—In order to secure a position with the American fisheries bureau as school teacher on the Pribilof Islands, off the Alaskan Coast, Alvin C. Whitney of Groton, Mass., wired a proposal to his fiancée and was accepted.

Teachers for the Aleut Indians who inhabit these islands are selected in pairs, a man and a woman, and married teachers are preferred. Whitney passed the examination, then learned of the matrimonial string to the position and wired Miss Elsie J. Gibson of Burlington, Vt., who came on to Washington.

The couple went first to the license bureau, then to the teacher and then to the fisheries department, where they received commissions, naming salaries of \$1200 a year each, with all expenses paid. They then started on their honeymoon to the home of the Aleuts.

WOMAN GETS HER BAGGAGE

Lugsch Concludes He Had Better Part Company With Her Belongings

William Lugsch not only lost his wife, but he also lost her baggage. The wife refused to live with him after they had arrived here from Germany, and Lugsch then tried to keep the baggage. After an attorney got on his trail, Lugsch concluded to let the baggage go, too.

The woman's name was Mrs. Christine Hoffman. Her story was told to the officers several days ago. She said that she was about to be sent back to Germany from New York when Lugsch, her cousin, told her that if she would marry him the matter would be fixed up and the immigration officers would not send her home.

On the way here the two parted at Houston, Tex. The woman arrived here first and got employment at Mrs. Eiseleman's restaurant at Orange. After Lugsch arrived, the woman refused to go to the domicile offered, a tent on Dr. Berneke's place. Deputy Sheriff Squires and constable Heard went to the place and got Lugsch's promise to give the woman her baggage. Lugsch afterward changed his mind. Fred Herpolsheimer, for Mrs. Eiseleman, took the matter up with Attorney W. H. Thomas of Santa Ana, who telephoned to Lugsch, and soon convinced him that the law would be after him if he did not surrender the baggage. Lugsch surrendered. He allowed it to be loaded onto a truck and taken to Orange, where the woman, who is accompanied by her seven-year-old daughter, will continue her employment at the restaurant.

She will not sue for a divorce, but she is quite certain that she will not live with Lugsch. She is convinced that Lugsch trapped her into marrying him.

This instrument received the only award in England and Spain, producing results without surgery, harmful injections, treatments or prescriptions. Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. All charity cases without charge, or if any interested call he will be glad to show the truss without charge or fit them if desired. Any one ruptured should remember the date and take advantage of this opportunity."

WOULD RESTRICT THE USE OF U. S. ARMY

Senator Bacon's Bill Would Make it Impossible For President to Have Free Hand

WASHINGTON, Aug. 17.—Senator Bacon continued Thursday his attack of the use of the American army and navy in intervention in disordered countries and offered a bill to restrict the use of those forces by the legislative branch of the government.

The measure would make it impossible for the President to order troops into a foreign country when Congress is in session without authorization by Congress. Senator Bacon had presented a similar provision for an amendment to the army appropriation bill Wednesday night, but it was rejected.

MASSACRE IN ALBANIA

Turks With Troops Reported Butchering Christians in Berona District

SETTINJE, Montenegro, Aug. 17.—Terrible reports were circulated last night of another massacre of Christians by Mohammedans in Albania.

A band of Mohammedans supported by Turkish troops attacked today a section of the Christian population in the Berona district of Albania, which lies close to the Montenegrin frontier. A fierce fight ensued and women and children are reported to have been murdered by wholesale. Many girls were made captive.

A large number of Christians and their families have taken refuge in Montenegro.

THE POLITICAL HOROSCOPE

Midsummer is the time for fiction and for political prophecy. When autumn comes we brace up and face the hard facts of life. Sometimes the dreams come true and the hopes are realized; sometimes they all fail. But whatever the final result, we have had the satisfaction of hoping and believing. As long as we do not fall into the error of building with realities on a foundation of dreams, we are safe and may enjoy the midsummer relaxation without stint.

Most political writers are so narrow and selfish that they will not predict the success of any except their own candidates. That may be all very well next October, but now, in August, we prefer to give our imagination wider scope. We can predict for a Taft victory, a Wilson victory, or a Roosevelt victory—all flavored to suit the taste. For ourselves we may prefer the last named, but it is a poor cook that can only serve the dishes he likes himself.

Here is a Taft ragout as we condense it from the Reactionary publications of the East—those of the west are not worth quoting, for they are none of them sincere in their belief that Taft will win. The eastern editors, many of them, actually expect Taft to be elected, but the westerners know that his case is hopeless. They are praying for the success of Wilson, but are in mortal terror of Roosevelt.

The majority of the people of this nation—so runs the stand-pat argument—are Republicans. They may get mad at the party occasionally but they will not stay mad, especially when their favorite doctrine of protection to American industry is placed in hazard. Roosevelt is a bolter, which is unforgivable, and he is trying to get a third term. His adherents are noisy but not numerous. His platform fads will take at first, but as the campaign advances his cause will weaken. Sanity will return to the people. In the end it will clearly be a choice of Taft or the Democrat, and the wandering Republicans will all flock back to the fold. Several western states will be out perhaps, but Taft will have votes enough to spare them. He will carry all that he had in 1908, with the possible exception of California, the Dakotas and Kansas.

It takes a good deal of seasoning to make this seem like anything that one can swallow, and among the political leaders of the stand-pat faith there are few that fool themselves into believing it. However, it serves to give temporary consolation to some of the rock-ribbed, moss-grown variety of partisans they have in the darkest east.

The argument for Wilson's success is much easier. It rests on the fundamental fact that if you cut the Republican vote square in two in the middle and give the Democrats their normal vote they can carry every state in the Union except Vermont. Of course it will not divide exactly, but if we assume a division of 75 per cent for one faction to 25 per cent for the other faction in the Republican party, that will give Wilson states enough to win—provided again, he holds the normal vote. A Democratic wave has been rolling along and increasing in volume and strength ever since Taft came into office. Is there any reason to suppose it will weaken now, when the Republican party is torn open from top to bottom?

It is not strange that the betting odds are 10 to 7 in favor of Wilson against the field. We are compelled to assume some very serious change

in present conditions to figure his defeat.

Nevertheless there are sane, well-informed and intelligent people, in growing numbers all over the country, that believe the Roosevelt-Johnson ticket will carry. They base their confidence on the justice and reasonableness of the Progressive cause and its direct appeal to the individual voter, also on the tremendous hold that T. R. has on the common people of all parties, also on the fact that he and Johnson are both splendid campaigners. They do not look upon Taft as a serious factor, the direct primary having proved his absurd weakness with the people beyond all question. They expect it to be a Roosevelt and anti-Roosevelt campaign, with Wilson the man to beat. Wilson looks to them like a poor campaigner, judging from his performances in primary, and they do not figure that he will hold the Democratic vote in its entirety. This is to be a fight of the common people with partisanship pushed aside as it never has been before. The old figures are not worth much. If the people want Roosevelt and his magnificent program of social justice, they will have him, and no combination of bosses can hold them back. There are ballot difficulties in many states, and Roosevelt's strength must be much greater than either of his opponents to overcome these, but they are not insuperable if the people are in earnest in demanding him.

The California Outlook enrolls itself among those who hold that the election of the Roosevelt-Johnson ticket is not only to be hoped for but expected. The Progressives are offering the American people a new charter of rights with a leader who has the force and brains and experience to carry it out. The Taft people offer a program of reaction, the Democrats one of partisanship. The American voter is awake as he never was before. We are confident of his verdict.—California Outlook.

"We intend to insist upon the average man's having a greater share than now of the good things which by his labor are produced. But we intend also to work for a broader and kinder charity of relationship as between man and man.

"At the time when the Payne-Aldrich bill was put through Congress it was currently reported that the cotton schedule, for instance, was written by a man private citizen of Rhode Island, now a senator from your state, Mr. Lippitt. The Republican purpose is to have future tariff written by the Mr. Lippitt of the party, or else by the party leaders who are 'good' to the Mr. Lippitts.

"The Democratic proposal is to hurt the Mr. Lippitts by hurting everybody, big and little, concerned with the industries. Our proposal is not merely to reform schedules of the tariff, but to reform the methods and purposes of tariff making.

"We purpose to reduce the various schedules when the duty is undoubtedly too high. We purpose to deal with the tariff schedule by schedule, in accordance with the reports of a non-partisan commission or experts who shall make their reports, not on the theory of being 'good' to anybody, but with the theory of doing justice primarily to the American wage worker and the American consumer.

"One of our national problems calling for immediate solution is that of our banking and currency system. It has been demonstrated beyond question that the present system is unscientific and inefficient and that if we are to enjoy a full measure of prosperity, we must adopt a modern and proper system at least as stable as the financial systems of France, England and Germany.

"This country should have as good a system as any in the world, one that affords protection to all legitimate interests, one that insures proper and reasonable accommodation at reasonable rates to all who may be entitled to it, whether they be laborers, farmers, manufacturers or merchants, in any and all parts of the country; one which will at least retard and minimize if not fully prevent inflation and speculation and thus insure a proper use of the funds of the people of our country.

"We must have a currency that will meet these requirements of the whole country. It must have elasticity. It must be absolutely beyond question in character, ranking with the best in the world.

"Any plan adopted must keep the control absolutely in the hands of the government. Only in this way can we prevent the growth in this country of the most dangerous of all trusts, the money trust. Even at present there are disquieting symptoms of the appearance of such a trust, and the Aldrich proposal, as far as concerns the proposed methods of control, would tend to increase the danger of the growth of such a trust. Our proposal is absolutely to prevent it by keeping the control in the hands of the government."

JOHN D. ROCKEFELLER MENACED BY GANG OF BLACKHAND SOCIETY

TARRYTOWN, N. Y., Aug. 17.—Members of a blackhand gang have forced John D. Rockefeller to call out special deputies from Sheriff Doyle's office to protect the Oil King's workmen and property.

Tony De Marco, foreman of the Italian workmen on the Pocantico Hills estate, discharged some of his countrymen to make room for his own relatives, and the discharged men tried to burn De Marco's home. De Marco and his family fled.

The threat also extended to Fred Briggs, Rockefeller's superintendent, who telephoned to Mr. Rockefeller, with the result that armed guards are scattered all over the property. The headquarters of the black-handers is in Pocantico.

accomplice. The court instructs that in cases depending on circumstantial evidence, the defendant must be found not guilty. If you find in the evidence that there is no motive for the crime, the defendant is entitled to a verdict of not guilty."

Pointing out that no person may encourage crime for the purpose of securing the punishment of an offender, Judge Hutton continued his charge by saying:

"Evidence of admissions and confessions should be received with great caution. Evidence of neighbors that they know nothing bad against him shall be regarded as showing his character good. If you believe that any evidence has been suppressed, you shall consider it as adverse to the party suppressing it. The defendant in this case has shown that his character for truth, honesty and integrity, is good."

He concluded by saying: "If you find from the evidence, that Franklin, White and Lockwood, entered into a conspiracy for the purpose of simulating a crime to charge to this defendant, you shall find him not guilty. If you find from the evidence that the state has made a case, you must find him guilty."

POSSIBILITY DARROW MAY BE TRIED ON BAIN BRIBERY CHARGE
The probability that Darrow will be tried on the Bain bribery charge, contained in another indictment, is causing much discussion. Assistant District Attorney Ford, Fredericks' lieutenant in the present trial, enigmatically said: "Well, that is the last of this case."

The Bain case comes up for setting in Department Eleven of the Superior Court at 2 o'clock Monday afternoon.

District Attorney Fredericks refused to amplify his earlier statement to the effect that he sees no reason why he should not proceed on the Bain charge.

Following the verdict of today Juror Golding said:

"I mean to find out more about what the district attorney meant when he said there was corruption in this case."

When told of this, Fredericks said: "We are not responsible for the vagaries of Golding's mind. We are responsible for allowing him to remain on the jury. We accept that responsibility."

He wouldn't have convicted if the heavens fell. I knew a month ago that he would hold out for the defense."

Juror Ritter rushed to Darrow with an invitation for him and Mrs. Darrow for dinner tonight. Darrow accepted.

WHAT THE PRINCIPALS IN CASE THINK OF VERDICT
Statements from the principals in the Darrow trial:

Clarence Darrow—"It has been a terrible ordeal. I feel a great sense of relief. Nobody who knew me, believed me to be corrupt."

"Earl Rogers—"Let 'em come on with the Bain charge if they have had enough already."

J. D. Fredericks—"I do not see why we should not prosecute on the Bain charge. It is stronger than the one completed today."

Detective Browne—"Go and tell Sheriff Hammett to open the jail doors and let them all out. The jury should not have freed him."

WOMAN SOBS OVER ACT OF HOUSE MEANING RUIN TO HER

WASHINGTON, Aug. 17.—A woman's sobs sent a thrill of pity through the House yesterday just after Speaker Clark had announced that the veto by President Taft of the bill permitting payment by the government for work on the Corbett tunnel of the Shoshone irrigation project in Idaho had not been overridden.

Mrs. H. C. McDonald, wife of a merchant in Butte, Mont., has worked here for months to secure this legislation. Her husband holds \$15,000 of the pay checks for work on the Corbett tunnel received in payment for supplies secured by the laborers.

When the Speaker announced the failure of the necessary two-thirds vote to carry the bill over the veto, she broke down and her distressing sobs aroused the sympathy of all.

The Fad of a Princess
Princess Patricia has that rare and rather dangerous talent for caricature which may be described as satire of the pencil, and lately she has been amusing her family circle with some rather daring "takeoffs" of themselves.

One represents the duke of Connaught (her father) in a violent rage, wearing the uniform of a field marshal and calling out, "Where's my horse?" This sketch is framed and hung up in the billiard room at Balmoral.

The princess colors her stockings and gives them a dainty and dashing finish, which makes them excellent pictures, apart from their value as portraits. Just occasionally, of course, she has managed to get into trouble with them—what caricaturist does not? All the same, she must get quite enough fun out of them to pay for it.

MME. SARAH BERNHARDT COMING TO THE TEMPLE THEATRE

It is a fact that the greatest actress of all time will be seen in Santa Ana for two nights next week, Thursday and Friday, August 22 and 23, at the Temple Theatre. While this, to some may seem strange, one should remember that Manager Roberts is at all times on the look-out for the biggest and best attractions for his patrons, regardless of the cost. "The Divine Sarah" and Mme. Rejane, the world's greatest actresses, and their original Parisian companies, will be seen in motion pictures, Mme. Bernhardt in "Camille" and Mme. Rejane in "Mme. Sans-Gene," in which productions, these unequalled artists have played the title roles all over the world. There are six full reels of these wonderful pictures, making a two-hour show, and equal to a five dollar attraction at popular prices. There will be only one exhibition each night, the first picture shown at 8 p.m. sharp; show out at 10 p.m. Prices: Balcony, 15c; main floor, 25c. Children 10c and 15c. Nothing reserved. The place: Temple Theatre. The time: Thursday and Friday nights, Aug. 22 and 23.

PACIFIC MAIL BOAT NEWPORT SUNK IN PANAMA ISTHMUS

SAN FRANCISCO, Aug. 17.—General Manager Schwerin of the Pacific Mail Steamship Co., has received a verified report that the company's steamer Newport had been sunk by the collapse of the government shed at Balboa in the Isthmus of Panama. It is not known whether or not there was loss of life. The vessel was valued at \$900,000, and the cargo at \$200,000.

JAPANESE GARDEN PARTY

Young Ladies of Philathea Classes of M. E. Church So., Have Delightful Evening

Last evening the members of the Junior Philathea class, M. E. Church, South, and their friends were entertained by their elder sisters, the Senior Philatheas.

The affair was held at the home of Miss Mabel Blodgett, on West Third, where the canvas-enclosed lawn, spread with rugs and sofa pillows, and with gay lanterns strung overhead along with butterflies, roses, chrysanthemums and fans, seemed a true Japanese tea garden. The young ladies carried out the Japanese idea in their costumes, all wearing gay colored kimono and fans, and their hair with fans and flowers.

After playing a few such "un-Japanese" games as "Drop the handkerchief" and "London bridge," the company divided into two sections, with Miss Maude Jones and Miss Cora Siefert as leaders of their respective sides, the purpose being to provide some original entertainment. Miss Jones and her little Japs gave three humorous selections, "In Japan," "The Dancing Dolls," and "I See You," followed by a short original drama in three acts. Miss Siefert's division gave a Japanese wedding, after which Miss Blodgett took the entire party on a "Trip up Fujiyama, the Sacred Mountain," which was very interesting and instructive, as Miss Blodgett told of the people met with, the width and appearance of the crater, and the return journey.

Refreshments of cantaloupes, tea and wafers were served to the following guests: Miss Maude Jones, teacher of the Senior Philatheas, and Mrs. Vawter, assistant teacher; Mrs. Stem, teacher of the Junior Philatheas; Misses Minnie Phillips, Lois Johnston, Muriel Watkins, Verna Brooks, Mary Jones, Mrs. Gola Jones, Misses Wilma Youngman, Cora Siefert, Ora Dunning, Lillie Chaffee, Eva Carothers, Lottie Morris, Nora Morris, Naama Summerland, Fay McDowell, Pauline McElree, Esther Jensen, Alice Hunt, Myrtle Montgomery, Bootie Givens, Helen Carden, Ransom Cleveland, Helen Remberg, Flossie Zerman, Florence Miller, Vena Jones, Mabel Blodgett.

Social Evening
Last evening the Philatheas and Baracass of the First Methodist church held their monthly business and social meeting at the church. During the business session many important matters were discussed and decided on. Later a social time was enjoyed, music and games passing the hour de-

TIGHT SKIRT TO GO, IS GARMENT MAKERS' EDICT

The telegraph, that wonder agent of publicity, flashes the news to a waiting feminine world, not to mention the men, that the short, tight skirt was officially banished from fashion yesterday at the semi-annual convention of the Chicago Garment Makers' Association meeting at the Hotel Sherman.

With the short, tight skirt, the short coat is also consigned to the limbo. A coat to be strictly fashionable in the season just at hand will be of three-quarters length, while the more ample skirt that has been decreed must reach the ankle at least. Women generally will regret the passing of the narrow skirt of decent width, as they are both pretty and economical as well as labor-saving, but they will rejoice over the decadence of the short, tight, form-revealing monstrosities that have appeared as dress skirts, putting to blush the wholesome-minded woman.

While the banishment of the indecently narrow skirt will be welcomed, it is to be ardently hoped that the other extreme of the four or five-yard skirt will not be thrust on women. They possess the disadvantage of the short, tight skirt, of being time consumers in the making, and expensive as to material and construction. A happy medium between the extremely narrow or extremely wide skirt is to be hoped for but hardly to be expected, as fashion, frivolous but mighty arbiter, usually swings the pendulum of change as far as it can go.

Delicious refreshments were served by Philatheas Class Number One. Every one present declared that the evening had been most pleasant.

KANSAS STATE PICNIC

Semi-Annual Picnic to Take Place in Sycamore Grove, Los Angeles, Sept. 14

President H. H. Huntsberger of the Kansas State Society has issued the following announcement which will be of interest to the hundreds of former Jayhawkers who live in Orange County. The picnic will be of special interest on account of the G. A. R. encampment to be held next month.

The Kansas State Society of Southern California will hold their semi-annual picnic in Sycamore Grove Saturday, September 14. This will be an all-day affair. Local ex-Kansans are invited to bring a little extra lunch that we may feed our visiting friends from Kansas. I would like also for you to bring cups as coffee will be served free on the grounds.

The program will consist of the following: Address of welcome by the president, H. H. Huntsberger; song, "Want to Live in Kansas Where the Sunflowers Bloom," by Belle C. Harris, past national president of the W. R. C. of Emporia, Kansas; "A Message From Kansas," by J. N. Harrison of Topeka, Kansas, department commander of the G. A. R. of Kansas; an address by Honorable Webster Davis, ex-Mayor of Kansas City, and former assistant secretary of the interior in the cabinet of President McKinley; "The Heroes of '61," by P. H. Coney, past department commander of the G. A. R. of Kansas.

The Kansas State Society is having a special button made for this occasion which will be given to our G. A. R. guests on that occasion. I would be glad to see every ex-Kansan present on that occasion. Let us give to our Kansas G. A. R. veterans the greatest reception they have ever had.

The State Society headquarters during the week of the reunion will be at 708 Ferguson Building, corner Third and Hill, where all of the leading Kansas daily papers will be on file, and the local ex-Kansans are invited to come there and meet the visiting Kansans who are in the city attending the reunion. The members of the reception committee are P. B. Plumb, George E. Overmeyer, Clarence H. Natson, George W. Hamlin, William Waddle, L. M. Fall, Lucien Earle, J. A. Hammers, Captain D. R. Kilbourne, C. E. Lamme, George B. Harrison, I. M. Weisler, Mrs. Charlotte Weaver, Mrs. I. M. Fall and Mrs. H. M. Weisler. I am glad to extend to the veterans who will be here that week the courtesies of the Metropolitan Club.

BUSINESS COLLEGE ANNOUNCES THREE NEW INSTRUCTORS

Miss Alice Whobrey Arrives to Assume Place in Faculty of Orange County Business College

Miss Alice Whobrey arrived in Santa Ana yesterday over the Santa Fe to begin her duties as teacher of Gregg shorthand in Orange County Business College. Miss Whobrey comes direct from Wheeling, W. Va., where she has been in charge of the Shorthand department of Elliott's Commercial School of that place, one of the largest business colleges of the East. She has had several years of experience as instructor and comes here very highly indorsed by those whom she has served. This is Miss Whobrey's first visit to California, and like all residents of the east who behold the loveliness of this genial Southern land, she states that she is delighted with the climate and place. She is registered at the Rossmore Hotel.

Mr. McCormac also announces the intended departure from Crawfordville, Ind., on the 20th, of Prof. A. J. Hall, who has been engaged to teach bookkeeping in Orange County Business College the coming year.

Prof. Hall is a pioneer in business college work in the Hoosier state, having conducted a school of his own for fifteen years in Crawfordville, under the name of Crawfordville Business College. This school, he recently sold to satisfy a desire to enjoy the climate of Southern California, of which he has heard so much and so favorably for several years.

Prof. Hall brings to Santa Ana, a family of three fine boys, two of whom will enter Santa Ana High School, and one, the grammar grades. The family will reside in one of Mr. McCormac's cottages at 112 Church street.

Another new addition to the faculty of Orange County Business College is also announced in the person of Mr. D. C. Sapp, one of the best, if not the best penman on the Pacific Coast, whom President McCormac brought here last month from the Atlantic Coast to take charge of plain and ornamental penmanship and to teach Pittman shorthand and bookkeeping.

Mr. C. E. Hammond of Los Angeles was in the city Thursday completing the terms of his enrollment in Orange County Business College and making arrangements for a place to move his family to this city while pursuing his studies. Mr. Hammond took a course in a school in the East in which President McCormac of the local business college was once an instructor. It was because of this fact and the favorable impression he had formed of Mr. McCormac as a practical business education.

ORDINANCE No. 89

The Board of Supervisors of the County of Orange do ordain as follows:

Section 1. Whereas, There was a special election held throughout the County of Orange, State of California, on the 20th day of July, 1912, for the purpose of electing a board of supervisors to construct, build and furnish a County Hospital and Almshouses and providing a farm in connection therewith for the purpose of caring for the indigent sick and dependent poor of said County, for the sum of Sixty Thousand Dollars to wit: Sixty bonds of the denomination of One Thousand Dollars each, payable within twenty-one years, to-wit: One-twentieth part of said bonds payable on July 1, 1912, and one-twentieth part thereof payable on July 1st of each succeeding year thereafter until all of said bonds are paid, principal and interest payable in gold coin of the United States at the office of the Treasurer of Orange County, and said bonds to draw interest at the rate of 5 per cent per annum, payable semi-annually; and

Whereas, After a canvass of the returns of said election, as provided by law, the Board of Supervisors did duly declare said bonds for each of said purposes to have been carried, and it being necessary in order to carry out the purposes for which said bonds were issued and to conform to the provisions of the Constitution of the State of California, and to effect the objects of the Statutes in such cases made and provided, that provision be made for the collection of sufficient taxes to pay the interest of said bonds and such portion of the principal thereof as may be provided for in the resolution, proclamation and notice calling for the election, and none of said bonds having been sold or delivered, and said Board of Supervisors being about to cause the same to be issued and sold;

Section 2. It is now by the said Board, and the said Board of Supervisors of the County of Orange, do ordain as follows: That before the incurring of any indebtedness by such sale or by the delivery of said bonds, as the same falls due, and also, at the time of making the next general tax levy after the incurring of the indebtedness of the bonds aforesaid, and annually thereafter, levy and cause to be assessed and levied upon the taxable property of the County of Orange, in addition to the levy authorized for other purposes, a sum sufficient to pay the interest on the indebtedness evidenced by said bonds, as the same falls due, and also, at the time of making the next general tax levy after the incurring of the indebtedness of the bonds aforesaid, and annually thereafter, levy and cause to be assessed and levied upon the taxable property of said Orange County, in addition to the levy authorized for other purposes and in addition to the levy necessary to pay the interest on the principal of said indebtedness so evidenced by said bonds, and to become due on the first day of July, 1913, and on the first day of July of each following year, or one-twentieth part of the principal of said bonds, as the same falls due, and also, at the time of making the next general tax levy after the incurring of the indebtedness of the bonds aforesaid, and annually thereafter, levy and cause to be assessed and levied upon the taxable property of said Orange County, in addition to the levy authorized for other purposes and in addition to the levy necessary to pay the interest on the principal of said indebtedness so evidenced by said bonds, and to become due on the first day of July, 1913, and on the first day of July of each following year, or one-twentieth part of the principal of said bonds, as the same falls due, and also, at the time of making the next general tax levy after the incurring of the indebtedness of the bonds aforesaid, and annually thereafter, levy and cause to be assessed and levied upon the taxable property of said Orange County, in addition to the levy authorized for other purposes and in addition to the levy necessary to pay the interest on the principal of said indebtedness so evidenced by said bonds, and to become due on the first day of July, 1913, and on the first day of July of each following year, or one-twentieth part of the principal of said bonds, as the same falls due, and also, at the time of making the next general tax levy after the incurring of the indebtedness of the bonds aforesaid, and annually thereafter, levy and cause to be Returned Missionary Spoke

The Ladies Missionary Society of the Presbyterian church held a meeting Thursday afternoon at the church. This proved to be an unusually interesting meeting on account of the presence of a returned missionary from Chai Ryung, Korea, Mrs. Koons.

The meeting opened with devotional exercises and scripture reading by Mrs. Leiby, singing of hymns by all those present and instrumental music by Mrs. P. H. Ebel.

Mrs. Koons was called upon to talk as the principal feature of the meeting, and her charm of personality and manner added still more to the interest in her talk about the customs of the people in Korea, and the difficulties which missionaries sometimes have to overcome in visiting and winning the women of that country. One amusing incident was related where she started out one morning after a rather hearty breakfast at home, to make five or six calls, and at every place she called she felt compelled to eat boiled sweet potatoes, hard boiled eggs and boiled chestnuts in order to show her appreciation of their hospitality, as these things are expensive there, and it is quite an honor to have them served.

Those who were absent from the meeting certainly missed something worth while, in that they did not see Mrs. Koons dressed in the Korean costumes which she had with her.

After the reading of the report by Mrs. G. W. Pollard of her visit to the missionary department of the Presbytery at Los Angeles last week, the meeting adjourned.

House Party Postponed

The house party at Newport which had been planned by the members of the Tustin Twelve was called off on account of the death of Mrs. Ellis Smith, whose funeral services were held Wednesday afternoon at the residence of her son, Ellis H. Smith. Rev. W. L. C. Samson of the United Presbyterian church, Santa Ana, had charge of the services.

"Y's" Met With Miss Long

The Tustin "Y" met last Friday night with Miss Louise Long. The meeting was in charge of Misses Edith Rawlings and Clara Thorman. Miss Mabel Logan gave a piano solo. Miss Inez Phinney and Geo. Prather.

readings; instrumental music by Miss Clara Thorman, also Miss Louise Long. All those present were especially pleased with Master Chas. Deaver's singing. Plans were laid for a moonlight banquet in September. There were about forty present and the social time was highly enjoyed.

LAKE IS FOUND UNDER BARSTOW

Water System Will be Developed by Former Venice Mayor, Dana W. Burks

VENICE, Aug. 17.—Dana W. Burks, former mayor of the city of Ocean Park, returned to Venice Thursday, sunburned but smiling, with the news that he and his associates—Los Angeles men—had succeeded in striking an underground lake of immense area under the city of Barstow. Burks states that the well brought in yesterday flows 150 inches and that the blooming of the Mojave desert, or at least that part of it adjacent to the town of Barstow, is about to bring a realization that water can be had at a depth of from 300 to 300 feet there.

Burks stopped over at Barstow some weeks ago, with men in the employ of the government geological survey. Burks, who has spent months in the service of the survey, was convinced that water underlay Barstow in great quantities. He engaged well drillers to augment the Barstow town supply, which consisted of one nearly drained well, and a supply gained from the railroad company. Burks is convinced that dates will grow on the Mojave desert, and is endeavoring to interest Los Angeles horticulturists in the scheme to make of Barstow a well watered, prosperous agricultural community.

You will find all sizes of GARBAGE CANS.

We notice that the Health Department of our town has discovered that too much decaying and offensive stuff is allowed to accumulate at the "Back Door" and as it is our business to make and sell galvanized iron garbage cans and we want everybody that needs such an article to know it, that's why we ask the printer to tell it.

We have a good stock of galvanized corrugated roofing and two car loads to arrive. We handle only the heavier grade and we sell it below the Los Angeles market.

For anything in the line of hardware, stoves, tinware, galvanized iron ware, plumbing goods and every other thing that should be kept in a hardware store and tinshop. See

LOS ANGELES PRODUCE MARKET

Business on the markets yesterday morning was very active and characteristic of the week end buying. The demand for fresh fruits was particularly lively, but few changes were reported, despite the heavy receipts of a number of products. The market which came down on raisins created little comment, owing to the fact that the first drying always brings a lower quotation on that fruit. The situation, according to well informed dealers, is not as good this year as last for a big crop, and there will be material strengthening up when the East begins to buy, which will be within another month. Other dried fruit is in call for delivery in the future, and prices are down on all varieties, some of them only fractionally. The new dried apricots are bringing from 9 1/2 to 10 1/2 cents a pound among the jobbers. There were very few changes in the vegetable market, the supply of fresh products being of good quality and size. Alligator pears are more plentiful, and are selling down to 4 1/2 a dozen.

The market on staples was also steady. There was a curtailed demand for eggs, owing to the increased price fixed on the day previous. Receipts were not very large, only 181 cases. Pullet eggs were in better call, with higher prices.

Butter receipts were 42,875 pounds, and the demand for extras was a trifle better than normal. The sale of other grades was at the quoted figures. A heavy shipment of cheese was reported from the North, due to the arrival of a vessel at San Pedro, carrying a big cargo of the Oregon product. The market was not at all affected by these arrivals, which totaled 10,065 pounds. Some eastern cheese sold, and there was no call for the fancy varieties.

Potatoes moved along at current prices, and with apparently no change in the local supply. Receipts from the north totaled 1135 sacks. No onions were received. The new crop of garbanos is coming in, and sells at 7 and 8 cents a pound. The first sizeable bean shipment in months was reported yesterday, with the arrival of 400 sacks of new crop pink beans on the market. Receipts of northern sweet potatoes were also heavier than they have been during the past, and 127 sacks were reported in. Only 168 boxes of apples arrived.

PAID A FINE FOR CRUELTY

Newport Beach Chinaman Used
Rope to Burn Leg of Horse
That Kicked

NEWPORT BEACH, Aug. 17.—Chee Fung, a local Chinese vegetable peddler, was fined \$5 for cruelty to animals last night by City Recorder Cornelius. One of the Chinaman's horses was a vicious kicker and he tied its hind leg to the collar with a rope, with the result that the leg was cut to the bone.

It is claimed that the flogging of the two Baiboa Italians, John Scarpa and G. Raymond \$30 by Justice Cox for having over twenty-five pounds of shellfish in their possession at one time has broken up an industry which threatened to deplete Newport Bay of its supply of shellfish. On account of the great demand for the cockles in Los Angeles cafes, they brought a good price, and the Baiboa gondoliers found a ready market for all they could gather.

THE EQUALIZATION BOARD ENDS WORK

The city board of equalization adjourned at noon today after sitting for a week. But few changes were made in the rolls of City Assessor Vegely, and practically all of these changes were for exemptions claimed by old soldiers who had failed to claim the exemptions when their assessment affidavits were made.

COL. CHAS. MILES

SPECIAL MEETINGS SALVATION ARMY ON SUNDAY NEXT

Special meetings will be conducted this week-end by Colonel C. Miles of the Salvation Army. The Colonel for some time had charge of the work here in California. He has been a Salvationist for many years, and has had a great deal of experience in all parts of the world. No one should miss this opportunity of hearing him. He will be accompanied by several staff officers, also Envoy McGlasher, "The Sweet Salvation Singer."

There will be a public meeting in the hall, 414 North Sycamore street at 11 a. m. on Sunday, an open air rally at 3 p. m. Fourth and Main, and at night in the Opera House, at the great union meeting the Colonel will speak. The Envoy will also sing at this meeting.

MISSOURIAN MUST BE SHOWN ABOUT THAT KNOX VALET

WASHINGTON, Aug. 17.—Charges of loose and dangerous practices in the state departments' expenditure of its secret emergency fund were renewed in a report yesterday by Representative Hamlin of Missouri, the chairman of the committee which investigated the charges.

Mr. Hamlin reiterated that Secretary Knox had used a negro messenger from his department as a valet on his recent Central American trip.

VETERANS' WIVES HELD HIGH JINKS

Captured Encampment Officer
of Day—Petticoat Waved
From Flag Pole

HUNTINGTON BEACH, Aug. 17.—With a petticoat for their battleflag, wives and daughters of veterans encamped here, in the absence of most of the men, set upon the officer of the day, pulled off his coat, vest and shoes, tied his hands and feet and flung the petticoat to the breeze from the flag pole just underneath the stars and stripes. Then they procured a longer rope, tied it around the officer, and led him on a trot to the street car line to meet the veterans on their return home from a visit to the Soldiers' Home in Sawtelle.

Because they were left at home, the suffragist members of the camp decided to run things in camp themselves for one day. The ring leaders plotted quietly but well. Others were taken into their confidence, and several of the strongest were appointed to go battle with the lone man in charge of the camp.

In little knots they approached him. Soon he was surrounded, and at a signal several fell to the attack. The officer, who is sixty years old, but strong and hearty, fought well. It was a good-natured battle, but an uneven one. Switches, puffs, curls, rats, hairpins and other articles of feminine adornment filled the air in the immediate vicinity during the struggle. The officer's coat was jerked off and was followed by his vest. Then his shoes followed.

Then the women, with a rush, overpowered the officer, bound him hand and foot, and ran a petticoat up on the flagpole to the accompaniment of cheers and hysterical laughter.

There were several men in the camp at the time, but they were so greatly outnumbered that they stood by and did not go to the aid of their comrade. While they were watching, women guards stood ready to check any attempt at interference on their part.

It was about time for the veterans to return from Sawtelle, so the women procured a long rope, bound it about their prisoner, and about twenty laid hold and fairly dragged their charge to the railroad track. They released him with many cheers as the men got off the cars.

At noon the women of the auxiliary societies enjoyed a tea, and they were in charge of the program last night.

CLUB PREPARING TO PUT UP HARD FIGHT

The Chapman-Rutan Club is perfecting plans for some campaign work for C. C. Chapman of Placentia, candidate for the Republican nomination for state senate, and A. W. Rutan, candidate for the Republican nomination for assemblyman.

The first meeting was held here Wednesday night. T. B. Talbert of Huntington Beach, Fred Struck of Orange, F. C. Spencer of Anaheim, A. S. Bradford of Placentia, L. A. West, M. R. Heninger and O. M. Robbins of Santa Ana are the committee to direct the work of the club.

This morning there was a committee meeting in the office of A. W. Rutan. At orange last night there was a meeting of Republicans favoring Chapman and Rutan, at which precinct leaders were selected.

THIS car, at this price, smashes all previous records. It even totally eclipses our 1912 values, which a year ago baffled the world. 40,000 Overlands will be made in 1913. This enormous jump in production makes possible this new car at this new price. As our production goes up, prices come down, as has been shown in each preceding year.

In this age of rapid progress it is sometimes difficult to grasp the full significance of an important, progressive manufacturing step, such as this car exemplifies. But when you sum up the extraordinary, cold dollar for dollar value which this car offers, as compared to any and all competing motor car values, the giant economical manufacturing strength of the huge Overland plants is realized and recognized. It only proves the ability of this most powerful and efficient automobile factory.

Here we can but call your attention to the bare facts. This is the car—a big, powerful, beautiful, spacious, comfortable, self-starting, thirty horse-power, five passenger touring car—fully equipped—all ready for night or day, rain or shine, service. Made of the best materials on the market, by the most skilled men known to the trade, and in the most efficient automobile shops in America. And the price is but \$985.

We can make the positive statement, without any kind of a condition, that this is the automobile industry's record value.

This car can now be seen in any city in America. Over 2000 Overland dealers are waiting to give you your demonstration. Look up the one in your vicinity.

Write us at once for full information and a 1913 catalogue.

ROD AND REEL CLUB HOLDS FIRST TOURNAMENT TOMORROW

(By Victor Walker, of Hill & Walker)

The Orange County Rod and Reel Club will be fairly launched tomorrow when the members congregate at Serra for their first tournament. Hard working committees have industriously prepared a day's program full of pleasures for the sportsmen, designed to be interesting and instructive.

The day's doings will start with a competitive casting tournament for distance and accuracy and the local experts will vie for the prizes offered by the club. A tournament of this kind is very instructive and though no records are likely to be broken, a marked improvement will be noticed in the future by the lessons learned from comparison of styles and tackle used. There are few local sportsmen who ever give a thought to accuracy in casting and none have practiced excepting when actually engaged in bait casting. One tournament will quickly show the advantage of study and doubtless in a short time a man's life will be in peril if he ventures into a back alley or vacant lot, as lead and cuttyhunk travel at a wonderful velocity when started by a strong man. It has been intimated that chickens, house cats and windowpanes make excellent targets.

A fishing contest will follow the casting tournament. Two club men with deep rooted rivalry grudges have agreed to lead their followers. This contest will be participated in by all

of the club men present and fish will be counted to decide the winners. There will be an incoming tide until 2:12 p. m. and this will allow a few hours of excellent sport and whet the appetites of the fishermen for the big barbecue to follow.

John Forster, whose wonderful Spanish dinners cannot be surpassed, will oversee the preparation of the barbecue and this assures success to the pleasant part of the day's outing. A large turnout of clubmen is expected and this first "get-together" meeting is sure to strengthen the friendship that already exists between all sportsmen and help the club in its work for the betterment of fish and game conditions.

C. S. Forgy and his son, Attorney H. J., are enjoying a day's fishing at Serra and incidentally putting the fish wise to the big doings tomorrow. Mr. Forgy's report will be keenly interesting to local sportsmen as he is to give the soft shell sand flea bait a trial. Clams are growing scarcer each year and will soon be at a prohibitive price. Should soft shells prove a success at Serra, many sportsmen will fish this surf that now go elsewhere because of the difficulty of securing bait.

W. M. Stearns proved himself an expert mackerel fisherman by landing 35 Thursday at Newport Beach. He was given a close run for honors by H. Warner of Orange, who landed a yellowtail and twenty greenbacks.

night they are penned up in a corral to protect them from exposure and animals.

Although there is an immense expanse of country in the valley suitable for this business, Myers has scarcely a rival. Several farmers however, are thinking of taking up turkey raising. They say the high grain growing sections of the inland valleys of Southern California make ideal turkey ranches.

The eggs are to be hatched partly by the hens, and partly by hatcheries. At about one month old the turkeys will be sold to the ranchers, who will keep the birds in a healthy condition by turning them on the range. It is believed that Los Angeles and other Southern cities, for several years at least, will be amply supplied.
